

# The Catholic Women's League of Canada

Organized nationally June 17, 1920 and is officially recognized by the Canadian Conference of Catholic Bishops as a lay association of women.

## THE LEAGUE IN THE PERSONAL LIFE OF A MEMBER

Members of the Catholic Women's League of Canada believe:

That as human beings and as Christians, League members have a responsibility to witness the Good News of the Risen Christ and that membership in the League opens a new vision, helping them to fulfill in greater measure their Christian mission in the Church and in the world.

That through study, members of the League better understand the Church's teachings and the ways in which Christ may be made known in society today.

That through the League's programs, members gain greater understanding of the liturgy, nourish their faith and gain spiritual strength to joyfully fulfill their mission.

That through active participation in the League's Standing Committees, members have many opportunities to give good example and leadership in the formation and expression of Christian attitudes and principles.

That as the League is dedicated to the preservation of Christian family life, League members help strengthen Canadian families.

That as Christian education is of ever-increasing importance in the modern world, League members can foster its ideals in a practical way.

That League membership gives all women in Canada an opportunity to communicate; to develop a better understanding of their varied cultures and to have concern for all Canadians.

That through the League, members help 'change the world' by assistance in parish, community and country; and become global citizens in the world community through assistance to Development and Peace and through affiliation with the World Union of Catholic Women's Organizations.
